2 Reason for Reduced Consultation

Critical Resources Ltd, parent company of subsidiary Sugec Resources Pty Ltd, was granted EL7679 on 11 January 2011.

Due to little to little to no on ground exploration activities within EL7679 during the reporting period and no planned on ground exploration activities in the first half of the next reporting period no community consultation was conducted for EL7679.

Exploration works focused on the comprehensive review of the geological database to identify further significant targets.

When on ground exploration activities have been planned and scheduled then Community consultation will resume.
